WRITINGS ON AMERICAN HISTORY, 1927

A BIBLIOGRAPHY OF BOOKS AND ARTICLES ON UNITED STATES AND CANADIAN HISTORY PUBLISHED DURING THE YEAR 1927, WITH SOME MEMORANDA ON OTHER PORTIONS OF AMERICA

COMPILED BY
GRACE GARDNER GRIFFIN

PREFACE

The annual bibliography which follows is the twenty-second number of a continuous series opening with 1906. A volume entitled *Writings on American History, 1902*, prepared by Prof. Ernest C. Richardson, librarian of Princeton University, and Mr. Anson Ely Morse, was published at Princeton in 1904. A volume upon a plan more like the present, *Writings on American History, 1903*, prepared by Prof. Andrew C. McLaughlin, Mr. William A. Slade, and Mr. Ernest D. Lewis, under the auspices of the Carnegie Institution of Washington, was published by that institution at Washington in 1905. After an interval followed the series *Writings on American History, 1906, 1907*, and *1908*, prepared by Miss Grace Gardner Griffin, and published by Macmillan Company (New York, 1908, 1909, 1910).

Independent publication ceased for a time with the volume for 1908. Beginning with the volume for 1909, though the preparation of the material continued to be provided for by subscription, the printing and publication of the annual bibliography was assumed by the American Historical Association. In its *Annual Reports* for 1909, 1910, and 1911, bibliographies of the material published in those years were included. The Yale University Press, with much public spirit, took up at this point the publication of the series and issued as independent volumes the bibliographies for 1912, 1913, 1914, 1915, 1916, and 1917. Publications by that concern having ended, the plan of incorporating this annual survey in the *Annual Reports* was resumed, and the bibliographies for 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, and 1926 were incorporated, as supplementary volumes, in the *Annual Reports* for those years. A similar procedure is followed with this bibliography for 1927.

To those who desire to have complete sets of the volumes hitherto published, the following information may be useful. The volume for 1902 is to be obtained from the library of Princeton University, that for 1903 from the Carnegie Institution of Washington, those for 1906, 1907, 1908 (independent volumes), can be obtained from the secretary of the American Historical Association. For the volumes for 1912 to 1917 application should be made to the Yale University Press, New Haven. The volumes for 1918 to 1926 may be procured from the Superintendent of Documents, Government Printing Office, Washington.

The ensuing pages have been prepared upon the same system as the preceding volumes. The intention of the compiler has been to include all books and articles, however brief, which contain anything of value to the history of the United States and of British North America. With respect to the regions lying south of the continental United States, however, and to the Pacific Islands, the intention has been to include all writings on the history of these regions published in the United States or Europe; but the product (not

relating to the United States) of South America and other southward regions has been left to their own bibliographers. New editions of books, if they contain no new material, have not been noticed. When no other date of publication is given, the date is 1927. The annotations have been confined to explanations of titles which seem to need explanation; or analyses of contents (in many cases taken from the catalogue cards of the Library of Congress), when analyses seemed requisite; or mention of critical appraisals in a few journals whose criticisms have value.

A topical arrangement has been followed. As a rule, the books and articles in any division are arranged alphabetically by the author's names. In a few cases another arrangement appeared to be more helpful; in the case of biography and genealogy the subject of the book or article determines the alphabetical arrangement.

In the compilation of the material, performed at the Library of Congress, the Librarian, Dr. Herbert Putnam, has kindly afforded every facility for the work.

Meanwhile the preparation of the manuscript, as distinguished from the printing and publication, has from 1906 to the present time been sustained by a group of subscribers consisting of various historical societies and individuals, the present list being the following:

American Catholic Historical Association, American Historical Association, Brown University, University of Chicago, Chicago Historical Society, Colonial Society of Massachusetts, Florida Historical Society, Historical Society of Pennsylvania, Illinois State Library, Iowa State Historical Society, Maryland Historical Society, Massachusetts Historical Society, Michigan Historical Commission, Minnesota State Historical Society, Missouri Historical Society, New York Historical Society, State Historical Society of Wisconsin, William L. Clements Library, Mr. Washington E. Connor, Miss Shirley Farr, Mr. Albert Matthews, Mr. Stewart L. Mims, Mr. Henry C. Morris, Dr. Otto L. Schmidt, and Mr. John B. Stetson, jr.

J. Franklin Jameson.
